

Coaching Skills for Leaders and Managers

What is it?

A 2-day leadership programme designed to train managers and leaders to use coaching techniques in their work relationships and thus gain the advantage of bringing a coach approach to managing people.

What it does

Provides a tool-kit of knowledge, techniques and practiced skills that participants can apply competently and confidently in their work situation to gain immediate benefits. Applying these skills spurs rapid development of individuals and teams, thereby fostering leadership potential.

Applying the skills learnt will:

- ✓ promote innovation and accelerate business results
- ✓ help effectively develop and retain valuable organisational members
- ✓ improve organisational communication and team effectiveness
- ✓ deepen commitment to personal, professional and organisational goals

Who is it for?

This programme will help anyone in a managerial, leadership or team-based role.

What to expect

During the 2-day programme, participants will discover and experience how to inspire others to believe in their own success, sharpen their focus and make radical shifts to achieve extraordinary results. This will be done through state-of-the-art coaching techniques.

Participants will:

- ✓ discover coaching as a powerful management and leadership model
- ✓ learn, experience and practice state-of-the-art coaching techniques
- ✓ understand the structure and process of integrating the 'coach-approach' to management
- ✓ discover how to apply learning to the workplace immediately
